PETITION FOR ATTORNEY WITHDRAWAL UNDER 37 CFR 1.36**

Commissioner for Patents
PO Box 1450

Sir:

The Attorneys of Record in the present Application hereby respectfully petition to withdraw from any further representation of the Applicant of the subject application under the provisions of and in compliance with the criteria set forth in 37 CFR 10.40(c)(iv), "[the client] By other conduct renders it unreasonably difficult for the practitioner to carry out the employment effectively." Applicant was notified through their foreign associate of the April 23, 2004 office action. Responsive thereto the foreign associate advised the undersigned further expenses were not to be incurred without specific instructions to proceed and it was uncertain as to whether a response to the office action would be authorized. The foreign associate was advised that without specific instructions to abandon the file by the final, non-extendable due date of October 23,

2004, a continuation application would be filed since practitioners are required to maintain pendency of an application without such specific instructions.

The undersigned has now learned the Applicant, more specifically the first named inventor Mikael Floven, has conducted an interview with the Examiner and subsequently filed his own response to the action directly with the U.S. Patent & Trademark Office. In light of the clients failure to provide the practitioner with instructions and his decision to take action directly with the Patent Office it is believed clear the client does not wish to continue the employment of the practitioner. Further, it is not possible for the practitioner to effectively prosecute an application in which he is circumvented in responding to an action and thereby having no knowledge of or input into said prosecution. The Notice of Non-Compliant Amendment dated September 27, 2003, is being forwarded to Applicant's foreign associate, with a copy of the letter to Applicant, along with a copy of this petition concurrently with the filing of this petition. The Applicant's foreign attorney also wishes to be removed as the correspondence address in this matter and therefore,

It is requested that all further communications be forwarded to the

Applicant at the following address:

Tendo Learning AB
c/o Mikael Floven
Marknadsvagen 295, 3tr
SE-183 79 Taby
SWEDEN

The Assignee' address is as follows:

The inventor(s) last known address is:

Mikael Floven
Beckbrannarbacken 1

Johan Lidman
